

STREET REPAIRS UNDER NEW PLAN

Workmen to Be Organized into
Systematic Street Pa-
trol Force.

NOT WAIT FOR COMPLAINTS

Clerk, Diacont Denies Second
Market Is Filthy and
Unsanitary.

Reorganization of the city's methods of repairing streets, sidewalks and alleys is proposed in a resolution adopted yesterday by the Administrative Board at the suggestion of Captain McCarthy. The resolution directs the City Engineer to furnish a plan in detail for the organization and equipment of a "patrol repair force," for roadways, sidewalks and alleys, under the direction of a competent foreman, to press forward repairs of small defects of an emergency character under the general instructions of the Administrative Board, the force to have authority to proceed with and continue such work without special instructions, and to report monthly in regard to the work done.

The city has at present a force of hand and carts employed under the supervision of the Engineer's Department, which force from time to time has done repair work. Repairs to paving heretofore has been done by annual contract, and paid for by the square yard. Most of the time of the hands and carts in recent years has been diverted to grading and graveling and other street improvements, when the ward funds would not suffice to have the work put out to contract. For instance, the enormous cut in South Harrison Street, carrying it through to Riverview Cemetery, has been made entirely by the city carts, and was not charged to the City Ward appropriation of the street fund.

Will Patrol Streets for Defects.
Now it is proposed by Captain McCarthy to organize a separate repair gang, with proper equipment, working under a competent foreman, which gang will spend all of its time in making repairs to streets, sidewalks and alleys. Where complaints are made of specific breaks in streets, or dangerous holes, this force will attend to them, but in the absence of such specific complaints, it is proposed that several small gangs of men, each with a cart and necessary tools, be constantly at work patrolling the streets, making repairs where needed, replacing worn paving or broken sections in busy sidewalks, repairing stone paving where dangerous sinks have occurred, filling holes in dirt streets and alleys with gravel, and generally taking that "stitch in time" which is supposed to be the highest economy, both in the saving to the streets themselves and to the vehicles and pedestrians using them.

Denies Unsanitary Conditions.
The Administrative Board received yesterday a report from Clerk Adam Diacont of the Second Market, answering the complaints of Dr. L. S. Freeman, and denying that the market was filthy or unsanitary, as alleged. The report was satisfactory to the board, and was ordered received and filed.

The board received a communication from the British-American Tobacco Company in reference to the leasing of Lombard Street, Moselle and other streets in the vicinity of its new factory. The petition was referred to City Engineer Bolling for an estimate of the cost.

The following new members were elected: Mrs. Mary E. Johnson, New Jersey; Howard S. Harrington, New York; Cary T. Hutchinson, New York; Mrs. T. Steptoe Boswell, Maryland; Edward S. Gay, Georgia; M. L. Robertson, Texas; Miss Virginia Spotswood, Kentucky; Va. Miss Gibbs L. Blake, District of Columbia; and Edward Randolph, New York.

The meetings of the committee will be held in the future on the first Thursday evening of each month, instead of the second Thursday, as heretofore.

HORSES MUST BE "SAFE AND SANE"

Otherwise They Will Not Do as
Mounts for Virginia's
"Full" Colonels.

[Special to The Times-Dispatch.]
Washington, January 10.—If there are any persons within a reasonable distance of Washington who desire to hire out twenty-five horses guaranteed not to buck, kick, run away, or otherwise disappoint themselves in an improper manner while bands are playing "Everybody Do It," "A Hot Time in the Old Town To-Night," and other time-honored songs during the Wilson and Marshall inauguration parade, they should apply to Colonel E. A. Halsey, of this city, a member of Governor Mann's staff.

Colonel Halsey has been requested to see that everyone of the members of the Governor's staff secures a suitable mount for the inauguration. The Governor, it was learned here to-day, has written to each of the members requesting his presence at the inauguration, and they have been asked to communicate with Colonel Hamilton, of Petersburg, regarding the matter. At the same time Colonel Halsey has been asked to look about and get proper horses, saddles and bridles will be sent on to Washington from Richmond, but the horses will have to be secured here.

"Well, I will not guarantee that the horses I get will neither buck nor jump when they hear the inspiring strains of the Wilson and Marshall bands leading out on the March 27, but I will do the best I can to get them," said Colonel Halsey when seen to-day. "You must remember that each of the twenty-five men who are expected to ride with Governor Mann will be 'Full' Colonels. Coupled with the fact that it has been a long time since there has been a Democratic inaugural parade, and as Washington horses may not be used to such a sight, I will not guarantee results."

DIES FROM WOUND

Colored Boy Shot in Quarrel Over
Girl Is Dead—Assaultant Held.

From a gun wound inflicted Sunday night by his rival for the love and affection of a dusky maiden, Peola Woodbridge, a negro youth, twenty years old, of near Bon Air, died yesterday shortly after noon in the Memorial Hospital, where he had been undergoing treatment. His alleged assailant, Watt Davis, colored, nineteen years old, was arraigned before Squire S. G. Cowan yesterday in the Swansboro magisterial court and sent on to the grand jury at the next term of the Chesterfield Circuit Court.

Woodbridge and Davis were paying attention to the same girl, Nannie Goode, a domestic employed in the family of Samuel Grinnam, of Bon Air. When Davis reached the place Sunday night he found Woodbridge had beaten him to leave. Upon refusal Davis then pulled out a revolver and fired one shot, which took effect in Woodbridge's abdomen. He made no attempt to escape and was held by Squire Cowan in the sum of \$50.

The wounded negro was given medical attention by Dr. C. M. Hazen, who had him taken to the hospital for further treatment. On Tuesday his condition took a change for the worse.

Large Realty Transaction.

One of the largest deeds of bargain and sale that has been placed on record recently in Hustings Court, Part II, was received yesterday in the office of Clerk Walter E. Duval. By it the title to forty-two feet of property at the southwest corner of Hull and Fifteenth Streets was transferred from P. P. Loftus and wife to Henry Wallerstein. The price was placed at \$10,000. Deducting the value of a brick structure on the premises, the price reached the neighborhood of \$150 a foot.

Injured Boy Recovering.

Howard Reed, the negro boy who was frightfully crushed between two cars at Fifteenth and Hull Streets Thursday afternoon, was reported to be relating well, his condition being regarded as favorable. He is under treatment in the colored section of the City Hospital.

The negro's mangled arm was operated on and two fingers amputated. It is probable that he will lose his entire hand. It is also feared that he is internally injured.

With Justice Maurice.

Edward Johnson, colored, thirty-eight years old, of Merchant, Va., charged with cursing and abusing one Julia Coleman, was ordered to pay \$5 and costs into the city coffers for his burst of profanity and was warned to expect a larger fine on his next appearance.

Ira Mulver, charged with being drunk

and unable to care for himself, was dismissed with a warning.

H. A. Hunter was arrested yesterday afternoon on a warrant in which he is accused of attempting to defraud D. B. Crawford, the complainant, out of a \$19 board bill. He will be given a hearing this morning.

General News Notes.

W. A. Claiborne, of 515 West Eleventh Street, was stabbed in the side early yesterday morning, according to his story, by his wife. The wound was not serious. It was dressed by Dr. R. C. Hooker, of the city ambulance.

Joe Coplan, the sixteen-year-old boy, who eloped Thursday afternoon with seventeen-year-old Lizzie Telchmiller, of Chesterfield County, and was arrested that night in Petersburg, appeared in Juvenile Court yesterday on a charge of stealing \$200 from his father. The boy was profuse in his promises of good behavior, and was dismissed.

The suit of Harry Cornish against Christo Manufacturing Company, which was scheduled for trial yesterday in Hustings Court, Part II, was continued until the next term.

At a regular meeting of Maple Camp, No. 159, Woodmen of the World, held last night at Fraternal Hall, South Richmond, the following officers, elected at the last meeting, were installed:

E. N. Bailey, counsel commander; S. E. Phillips, advisor lieutenant; P. C. Gibson, banker; T. G. Smoak, clerk; W. H. Martin, escort; T. E. Taylor, watchman; S. C. Shepherd, sentry; Drs. J. G. Jones and E. G. Hall, physicians.

G. W. Jewett, J. T. Willard and George A. Raby were elected as managers of the camp for the ensuing year. S. E. Phillips and T. G. Smoak will represent the Southside lodge as delegates to the Head Camp, Jurisdiction II, which convenes in Parkersburg, W. Va., the second Tuesday in March.

Personal Mention.
E. W. Vaden, of 2 West Thirty-third Street, Swansboro, who underwent a serious operation at the Memorial Hospital, is reported to be somewhat improved. It will be some time before he can return to his home.

D. L. Toney, one of the Southside's

prominent business men, is confined to his home with neuralgia.

Mrs. W. E. Belcher and daughters, Fannie and Ella, of Beach, Va., are the guests of Mrs. J. M. Hines, of 1219 Bainbridge Street.

The condition of Mrs. L. W. Franklin, who has been extremely ill at her home in Twelfth Street, is improved.

TUBERCULAR GERMS

flourish in the most unexpected places and quickly attack a body weakened from colds or general debility, but if the lungs are fortified with **SCOTT'S EMULSION** their progress can be prevented and often overcome. **SCOTT'S EMULSION** is used in tuberculosis camps because its highly concentrated nourishment builds strength and resistive-power faster than disease destroys. It assimilates without taxing digestion, and contains no alcohol. Absolutely nothing equals **SCOTT'S EMULSION** to strengthen the lungs and drive out colds and coughs.
